## Moov 200 - Detailed Features information

### Navigation Features

#### New improved "Mio More" desktop interface

Mio More gives you immediate access to a wide range of services and features that go further than simple navigation when you connect your device to your PC. Unlock the true potential of your Moov 200.

#### Easy to use software - Powered by Navman

Every aspect of the Moov 200 has been designed around you, to make driving safer and easier while helping you interact with your environment and explore more.

#### 3.5" touchscreen

The compact Moov 200 boasts a bright, sharp 3.5-inch screen with intelligent Day/Night display.

#### GPS fix 5 times faster with SiRFInstantFix II

The new Mio Moov 200 features SiRFInstantFix II GPS. Gone are the days of making small talk in the car while waiting for your device to find a signal. Coupled with the new Mio software, the powerful new SiRFstar III GPS receiver has been optimised to hook up with satellites faster than ever before, with no more hanging around.

#### Slim lightweight design

Created after extensive research with drivers throughout Europe, every aspect of the Moov 200 has been designed around you, to make driving safer and easier while helping you interact with your environment and explore more.

With over 20 years of GPS experience behind our software engineers, Mio gives you quality and reliability you can trust.

#### Pre-loaded safety camera data

The Moov 200 tells you the locations for fixed and possible locations of mobile traps. You can receive both visual and audio warnings.
